- Save space, save time, save money!

Who uses Stanley Vidmar? Everyone from small office practices to large hospital groups. For more details, call **800-523-9462** or visit StanleyVidmar.com/Healthcare today!

EMERGENCY ROOMS

Instant Fingertip Access

Stanley® Vidmar® health-care storage systems help free limited storage space while maintaining critical care items and

providing fingertip access. Our fully enclosed modular drawers protect contents from dust, dirt, and UV light, and our unique locking system keeps all inventory secure.

OPERATING ROOMS

Improved Control Over Critical Items

Stanley Vidmar lets operating room staff store inventory and instruments where and how they want them. Save space, enable employee efficiency, and reduce retrieval time with labeled drawers and compartments. Optimize performance with a limitless selection of drawer sizes and interior compartments. Improve control over consumables and critical items and lower overall inventory costs. Whatever your needs, Stanley Vidmar will enhance your productivity and improve your service levels.

BIOMEDICAL STORAGE

Dissipate Electrostatic Discharge

Controlling static can help save lives. Stanley® Vidmar® StaticGard™ cabinets and work surfaces are designed for use with today's most sophisticated biomedical equipment.

The control of electrostatic discharge is critical to equipment performance, accurate calibration, and certification requirements. Stanley® Vidmar® StaticGard™ workstations efficiently store static-sensitive parts and components and allow technicians to work comfortably and ergonomically. StaticGard™ cabinets and workstations are engineered to be integrated into your overall ESD control program, and all surfaces conform to ANSI/ESD S4.1-2006 at 100 V DC.

CENTRAL STORE ROOMS

Increase Storage Space by Up to 50%

Central store rooms have little space to spare. Stanley Vidmar offers healthcare

storage cabinets that greatly reduce the floor space required by wire carts and open shelving. Increase your storage capacity by up to 50% while boosting cleanliness, organization, and appearance!

PATIENT FLOOR INVENTORIES

High-Use Items at Your Fingertips

Keep your patient floor inventories secure and clearly labeled. Designed for the ultimate in convenience and flexibility, Stanley® Vidmar® modular healthcare storage cabinets are engineered for the way your staff move and work. Drawers are 100% extendable, and high-use items are stored within easy reach.

CENTRAL STERILE/ STERILE PROCESSING DISTRIBUTION

Save Time and Reduce Errors

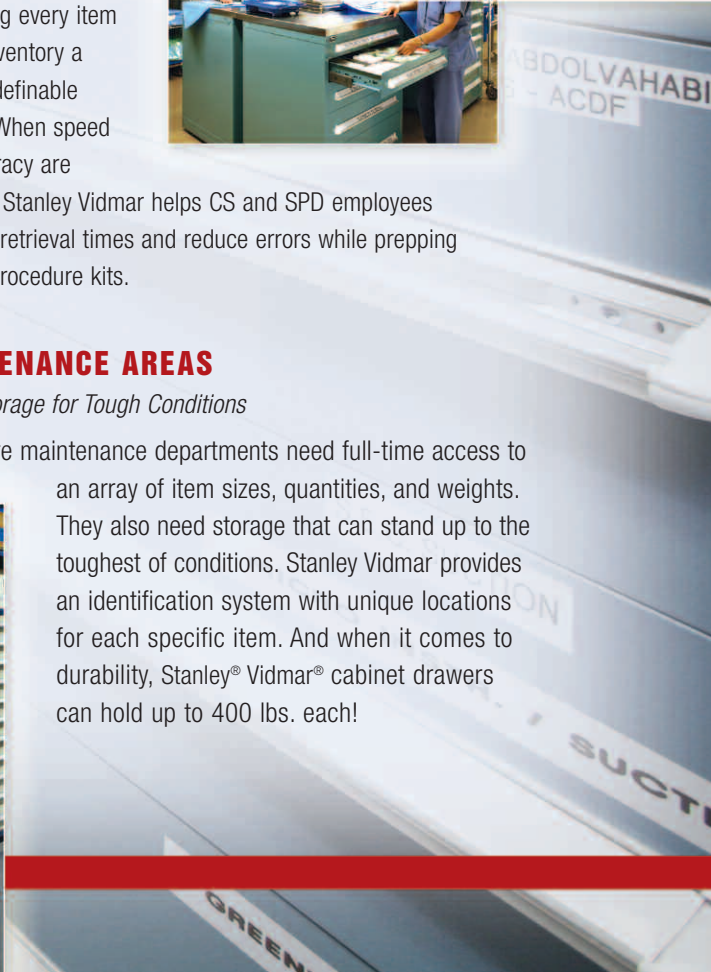

Organization is key for CS and SPD staff. With Stanley Vidmar, all surgical instruments and materials can be stored by type, procedure, and size, giving every item in your inventory a specific, definable location. When speed and accuracy are essential, Stanley Vidmar helps CS and SPD employees decrease retrieval times and reduce errors while prepping surgical procedure kits.

MAINTENANCE AREAS

Tough Storage for Tough Conditions

Healthcare maintenance departments need full-time access to an array of item sizes, quantities, and weights. They also need storage that can stand up to the toughest of conditions. Stanley Vidmar provides an identification system with unique locations for each specific item. And when it comes to durability, Stanley® Vidmar® cabinet drawers can hold up to 400 lbs. each!

OPTIONAL FEATURES

Mobile Casters

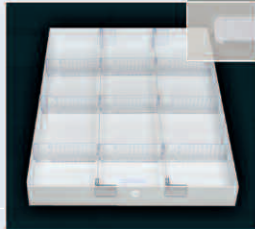

StaticGuard™ Protective Surfaces

Unique Locking Systems

Custom Drawer Configurations

Dividable Drawer Inserts

Roll-Out Shelves

Efficiency. Security. Versatility.

You're committed to the health of every one of your patients. Stanley Vidmar is just as committed to designing today's most effective healthcare storage systems.

Because we understand how healthcare professionals work, we understand how to create storage systems that bring out the best in your performance.

And as your storage needs grow, Stanley® Vidmar® systems can be reconfigured without removing any inventory—and without slowing you down.

Whatever your space, whatever your needs, Stanley Vidmar can help you work smarter, work faster, and work safer.
